Being a manufacturer is our choice

Kitting out sport since 1988

It all began in 1988, the year Erreà Sport was founded. The company specialised in the manufacture of technical sportswear and quickly began conquering Italy and the world. Today Erreà is present in 80 countries and is constantly on the lookout for new markets and challenges.

Direct management of the supply chain, as manufacturers

The entire production chain is managed at the headquarters in San Polo di Torrile, in the province of Parma, Italy, along with the development of all the manufacturing stages. This is the company's real strength, the plus point that sets it above its competitors, making it the only company currently in the European clothing sector still producing teamwear. Carrying out accurate and scrupulous checks on the origins of raw materials makes it possible to guarantee the utmost safety of its products. Because being a manufacturers is a choice.

Erreà around the world.

For some time now, the company has asserted itself on the major markets around the world. Our foreign market (Erreà is present in Europe, Africa, Central America and the USA) is growing continuously.

WE WANT TO BE the choice of all those who, like us, are **lovers of sport** and practise it with passion and enjoyment.

WE WANT TO BE a small component that can improve the **well-being and quality of life** for those who choose us.

ALWAYS CARING FOR YOUR HEALTH

OEKO-TEX®
CONFIDENCE IN TEXTILES
STANDARD 100

WE STAND FOR CLEAN SPORT. EVEN FOR YOUR SKIN.

Sport is the most beautiful thing in the world, and nothing must be allowed to pollute that beauty.

That is why, besides developing increasingly high-performance materials that have a low impact on the environment, we at Erreà are the first teamwear company in Europe to have been awarded **STANDARD 100 by OEKO-TEX®** certification. This certification sets extremely strict limits for substances harmful to health, which is why our fabrics are highly safe in all conditions.

With Erreà, sport and health run side by side.
